

Leading Experts in Orthopaedic Care

OUR DEDICATED TEAM OF ORTHOPAEDIC PROFESSIONALS PROVIDES
HIGH-QUALITY IME SERVICES AND WORKER COMPENSATION INJURY MANAGEMENT

Hinsdale Orthopaedics physicians and professionals have comprehensive, up-to-date knowledge of current workers' compensation laws and AMA 6th edition guidelines, the major components of effective worker compensation injury management.

Our independent medical evaluations are conducted with the following principles in mind:

Clarity without bias or preconceived views in the diagnosis and prognosis of an injured party.

Fairness in decisions defining whether the patient has reached maximum medical improvement, what capabilities remain, and if any chronic or permanent impairment exists.

Respect and equal consideration deserved by all parties involved.

Our IME reports include comprehensive components, such as:

- Accuracy of all medical record history
- Complete content information, such as history of illness and description of mechanism of injury.
- Current treatment plan overview and description
- Current symptom descriptions
- Occupational/recreational history
- Complete and thorough physical examination
- Medical records review
- Impression/diagnosis

Our team of professionals participates in ongoing certification and educational programs to ensure their knowledge in the latest updates due to the ever-changing environment of IL Workers' Compensation Statute guidelines.

A Comprehensive Approach

At Hinsdale Orthopaedics, our total care facilities offer comprehensive diagnostic services, surgical and non-surgical treatments, specialty programs and clinics, as well as physical therapy and rehabilitation services.

We offer wide-ranging treatments common for injured workers, including:

- Arthroscopy
- Minimally Invasive Procedures
- Orthopaedic Surgery
- Platelet Rich Plasma Therapy
- Reconstructive Surgery
- Robotic-Assisted Joint Replacement Surgery

Our physicians represent all of the following orthopaedic speciality areas:

- Foot and Ankle
- Hand
- Hip
- Knee
- Pain Management
- Physical Medicine & Rehabilitation
- Rheumatology
- Shoulder
- Spine
- Sports Medicine
- Trauma

We offer same day or next day appointments.

If you have any questions regarding our injured workers program, please call 1.877.WC.HOASC.
